Carolyn DeMoranville, Director

**Revised March 2010**

**NOTICE:** The Cranberry Station and its staff do not assume any responsibility for personal injury or property damage. All pesticides mentioned in this publication are registered and cleared for the suggested uses according to general registrations and state laws in effect on the date of this publication. The label is the law. Pesticides other than those listed have been registered for use on cranberry but are, for one reason or another, not currently recommended. When trade names are used for identification, no product endorsement is implied, nor is discrimination intended against similar materials.

A product of the Cranberry Station, College of Natural Resources and the Environment, University of Massachusetts Amherst, and UMass Extension. This material is based upon work supported by the Cooperative State Research,

Extension, Education Service, U.S. Department of Agriculture, Massachusetts Agricultural Experiment Station. The University of Massachusetts is an Affirmative Action/Equal Opportunity Institution.
