- ELIGIBILITY:** This fair is open to **all youth** in Hampden County between the ages of 5 and 18 years as of January 1, 2022, in addition to registered 4-H members in Berkshire, Franklin, Hampshire, and Worcester Counties. Premiums are paid only to youth in Hampden County and registered 4-H members in Berkshire, Franklin, Hampshire, and Worcester Counties. Payment of premiums is contingent upon reciprocal agreement with participating counties. All exhibits must be the result of the exhibitor's own effort from August 2021 through July 2022.

4-H is committed to serving the best interests of youth. Research in youth development indicates that young children under age 8 should not be in competitive situations. This 4-H / Youth Fair will follow the guidelines developed for Massachusetts in regards to Cloverbuds (youth age 5 to 7 years) in competition.
- YOUTH WITH DISABILITIES:** Youth between the ages of 8 and 18 years as of January 1, 2022 requiring special accommodations should contact Angelica Paredes, 4-H Extension Educator, at angelica@umext.umass.edu 413-577-0759 by July 6, 2022 to outline the accommodations required.
- ALL ENTRIES** must be made on the official Hampden County 4-H/Youth Fair entry forms located at the back of this book. Additional entry forms and award applications may be downloaded from www.mass4h.org. **Entries must be postmarked or received electronically by July 13, 2022. A limited number of add-ons or changes may be accepted.** Entries must be received by the deadline so that there is adequate time to enter information into the fair computer program and generate entry tags. **Individuals who submit a late entry form will forfeit premiums. Absolutely no hall entries or new animal entries will be accepted the day of the Fair. Exception: Model Horse Show exhibits are set up the morning of the Fair by 10:30 a.m.**
- SYSTEM OF JUDGING:** A modified Danish system of judging will be used on exhibits paid by the Massachusetts Department of Agriculture, whereby all exhibits will receive Danish ribbons. On all premiums paid by the Hampden County 4-H/Youth Fair Association, the true Danish system of judging will be used and the point system of awards will be used. Placing will be awarded on the basis of the exhibit's quality. Superintendents and judges reserve the right to reject any and all exhibits that are not on the premium list or are of undesirable quality. The judge's decision is final.

2022 Animal Health Rules for Fairs and Shows

Special Note: Massachusetts COVID-19 response orders supersede all other exhibition guidance. Please visit mass.gov/covid-10updates for the most current information and updates.

In addition to complying with all laws and regulations governing animal health issues all fairs must adopt and enforce the following rules for governance of the fair.

NO animal will be admitted to the fairgrounds unless it meets the requirements below. NO animal is to be unloaded or enter a barn or tie-out stall until the animal and its paperwork have been inspected and approved for entry.

A. General Rules for All Animals: See M.G.L. c. 128 §2C, 129 §2

1. All animals must be in proper physical condition, be properly identified and free of visual evidence of infectious, contagious or parasitic disease at time of arrival. Specific diseases and conditions which will disqualify an animal for entry are identified for each species in the following sections of the rules. Animals of any species with open or draining wounds will not be approved for entry.
2. Evidence of infectious, contagious or parasitic disease or failure to produce the necessary documents for health certification, vaccination or testing will result in the animal's rejection for entry. **THE INSPECTOR'S DECISION IS FINAL.**
3. Any surgical procedure or injection of any foreign substance or drug or the external application of any substance (irritant, counterirritant, or similar substance) which could affect the animal's performance or alter its natural contour, conformation or appearance, except external applications of substances to the hoofs or horns of animals which affect appearance only, and except for surgical procedures performed by a duly-licensed veterinarian for the sole purpose of protecting the health of the animal, is prohibited.
4. **Official ID: See Final Rule: Summary of Traceability for Livestock Moved Interstate (Summary of general Requirements by Species)**
All livestock must have proper official, individual ID as required for the species, e.g., official metal ear tag, tattoo, scrapie tag, or microchip. Registration forms must accompany health certificates when used as part of official identification.
5. **Health Certificates:**
One Official Certificate of Veterinary Inspection (OCVI) may be allowed for animals of the same species to be exhibited at fairs or shows in any of the New England states (CT, *ME, MA, **NH, RI, and *VT) when submitted with an itinerary of the dates and locations of the events at which the listed animals are expected to be shown. Only animals that are healthy at the time of shipment may be moved.** Note that *ME, **NH, and ***VT have additional requirements. Certificates of veterinary inspection in these states are valid for a shorter period of time and may have additional language, movement and permit requirements. For the 2022 Show and Fair Season, livestock animals being exhibited in New England states must have official certificates of veterinary inspection (OCVIs) that meet the following requirements:
 - a. **MA, and RI:** OCVIs issued on or after **January 1, 2022** may be used for those animals being shown at multiple fairs and shows in CT, **MA**, and RI through the 2022 show/fair season ending October 31, 2022.
 - i. **CT and ME:** *An importation permit for exhibition animals is also required. Contact CT Dept. of Agriculture (860-713-2504) or ME State Veterinarian's Office (207-287-3701) for permits or questions.*

- ii. MA -Note: The Big E Fairgrounds in West Springfield requires a CVI issued within the prior 30 days for all **horses** entering the premises for any show, fair, or exhibition.
 - iii. NH: * * NH: To qualify for the extended CVI, animals exhibited in NH must originate in a New England state and move on OCVIs issued on or after April 1, 2022 to participating NH fairs and shows from **July 1 to October 31. The extended CVI is not available for animals that do not reside in New England.** *Contact NH State Veterinarian's Office (603) 271-2404 for details and permits.*
 - iv. ***VT: *Contact the VT Animal Health Office (802-828-2421) for specific import requirements that deviate from the general information in this letter and must be met for legal import of livestock.*
- b. A single OCVI from the animals' home state may be completed for travel to and from the New England states in which the animals will be exhibited. *MA animals being shown ONLY in MA may substitute a signed, dated letter on the letterhead of an accredited veterinarian for an OCVI if all required information is included and all additional requirements are met.*
- c. Multiple animals of the same species may be listed on one health certificate with appropriate individual IDs and descriptions. Animals of different species may not be listed on the same official health certificate.
- d. **An itinerary of the names and locations for each New England fair or show at which owner expects to show the listed animals and the dates when each animal is expected to be on each site, must be prepared by the owner and presented to the veterinarian at the time the OCVI is written.**
- i. **A copy of this planned itinerary must be attached to the official health certificate (import and export) for it to be used for more than one fair or show.**
 - ii. That proposed list should be signed by the veterinarian and the owner/ exhibitor and reference the relevant OCVI number(s).
- e. The name and address of the first show or fair where the listed animals will be exhibited is to be used as the "destination" on the OCVI form. In addition, "See attached list" or a similar statement directing Animal Health Officials or Fair Inspectors to the attached proposed itinerary must be included.
- f. Exhibitors must keep an accurate list of the show locations and dates when their animals were actually on the show/fairgrounds. This record must be available to fair inspectors at each inspection and check-in.
- g. Any animal listed on an OCVI that becomes sick must remain home. If the animal is refused entry to any exhibition during 2022 for health reasons it must have a new health certificate issued by an accredited veterinarian within 30 days of the next interstate movement.
- h. Any New England state may end their participation in this agreement and revert to the standard published requirements for livestock imports in the state at any time, in the event of foreign animal disease outbreak or changes to state legislation.

All petting zoos are required to have a USDA APHIS Exhibitor's License (as needed) and valid 2022 health certificates.

4-H Pledge

I Pledge...
My HEAD to clearer thinking,
My HEART to greater loyalty,
My HANDS to larger service, and
My HEALTH for better living,
for My Club, My Community, My Country, and My World.

The pledge tells what 4-H is all about. 4-H has as its goal the four-fold development of youth: Head, Heart, Hands, and Health. The pledge was adopted by the delegates to the 1927 National 4-H Club Camp in Washington, D.C. State club leaders voted for and adopted the pledge for universal use, The phrase "and my world" was added in 1973.
