AND the signed consent form below.

## UMASS EXTENSION'S 2024 GREEN SCHOOL REMOTE INSTRUCTION CONSENT

For the 2024 UMass Extension Green School, I, \_\_\_\_\_,  
*(PRINT FIRST & LAST NAME)*

agree to participate as a member of a class/group in remote education which uses varied technological means. Although UMass Extension seeks to utilize the most secure and up-to-date solutions available and endeavors to maintain presented and captured information within the confines of the current class/group and UMass Extension, I understand that, due to the unique nature of electronic communications, complete privacy and confidentiality cannot be guaranteed.

I understand that instructional sessions may include an audio and/or video component, and that live sessions will be recorded for reference purposes or to enable student or instructor access during the course. I acknowledge that while the primary focus of any session will be on the instructor and the instruction, my name, likeness, and spoken or written comments and questions may be visible to instructors and class participants and may be captured as part of any recordings.

I am aware that UMass Extension is FERPA (Family Educational Rights & Privacy Act) compliant and utilizes only FERPA compliant technology for remote instruction, therefore student grades and other performance data will never be shared outside of UMass Extension for any purpose without my consent.
