UNIVERSITY OF MASSACHUSETTS AMHERST

Welcome.....

The 2023 Hampshire County 4-H Fair will showcase achievements and skills 4-H'ers and other youth have learned throughout the year. Projects are welcome from 4-H and other youth organizations (ex. Scouts, school). The Hampshire County **4-H Fair is open to any youth** who meet the age eligibility listed in the general rules. Youth under 8 years old as of 1/1/23 should check specific department rules.

As you look through this book you will see a variety of 4-H project areas and leadership opportunities that are offered for all ages. Participating in the Hampshire County 4-H Fair is a highlight in the lives of 4-H'ers. During the fair, they will create memories and make friendships that may last a lifetime.

Congratulations to all 4-H'ers and youth whose work will be recognized during the fair. Many thanks to all of the youth and adult volunteers and staff who contribute "To Make the Best Better"!

This fair could not happen without the caring and talented 4-H adult volunteers who work directly with our youth. The experiences that result inspire creativity not only in the youth but also in the adults who give their time and talent to make this event a success.

Goals of the Hampshire County 4-H Fair are to:

1. Showcase, evaluate and recognize the accomplishments of the 4-H members and other youth.
2. Encourage teens and adults to become 4-H volunteers.
3. Highlight the county 4-H program.
4. Familiarize the public with 4-H philosophy.
5. Provide an opportunity for the public to participate in the enjoyable, educational, and family-oriented 4-H events.

Hundreds of people will attend the fair and once again, be impressed by the accomplishments of the youth. Although certain activities are standard every year, there are new opportunities that arise in particular 4-H areas.

4-H'ers continue to take pride in sharing their expertise with the public. For many fairgoers, this is their exposure to 4-H and the positive impressions they receive are lasting and strong. Thank you for connecting to the public by sharing your positive experiences and continuing to grow our Hampshire County 4-H program!

Finally, *thank you* to the Hampshire County 4-H Fair Committee, including Julie Severance, Sherry Whitmore, Heather Mason, Jennifer Applegate, Laurie Mues, Sandy Brougham, Phyllis Keenan, Kara Macaluso, Faith Bisbee, the fair department heads, and the Cummington Fair Board of Directors, for their support of 4-H!

2023 Animal Health Rules for Fairs and Shows

Special Note: Due to the continuing US outbreak of High Path Avian Influenza (HPAI), Animal Health Officials from all six New England States may recommend postponing competitions, exhibitions, shows, swaps, or other in-person events encouraging the gathering or comingling of domestic fowl or poultry. If events are held, best practices for biosecurity should be implemented.

In addition to complying with all laws and regulations governing animal health issues all fairs must adopt and enforce the following rules for governance for the fair. NO animal will be admitted to the fairgrounds unless it meets the requirements below.

NO animal is to be unloaded or enter a barn or tie-out stall until the animal and its paperwork have been inspected and approved for entry.

A. **General Rules for All Animals: See M.G.L. c. 128 §2C, 129 §2**

1. All animals must be in proper physical condition, be properly identified and free of visual evidence of infectious, contagious or parasitic disease at time of arrival. Specific diseases and conditions which will disqualify an animal for entry are identified for each species in the following sections of the rules. Animals of any species with open or draining wounds will not be approved for entry.

2. Evidence of infectious, contagious or parasitic disease or failure to produce the necessary documents for health certification, vaccination or testing will result in the animal's rejection for entry. **THE INSPECTOR'S DECISION IS FINAL.**

3. Any surgical procedure or injection of any foreign substance or drug or the external application of any substance (irritant, counterirritant, or similar substance) which could affect the animal's performance or alter its natural contour, conformation or appearance, except external applications of substances to the hoofs or horns of animals which affect appearance only, and except for surgical procedures performed by a duly-licensed veterinarian for the sole purpose of protecting the health of the animal, is prohibited.

4. **Official ID: See Final Rule: Summary of Traceability for Livestock Moved Interstate (Summary of general requirements by species)**

All livestock must have proper official, individual ID as required and approved for the species, e.g., official metal ear tag, tattoo, scrapie tag, or microchip. Registration forms must accompany health certificates when used as part of official identification.

5. Health Certificates: --

One Official Certificate of Veterinary Inspection (OCVI) may be allowed for animals of the same species to be exhibited at fairs or shows in any of the New England states (CT, *ME, MA, **NH, RI, and *VT) when submitted with an itinerary of the dates and locations of the events at which the listed animals are expected to be shown. Only animals that are healthy at the time of shipment may be moved.** Note that *ME, **NH, and ***VT have additional requirements. Certificates of veterinary inspection in these states are valid for a shorter period of time and may have additional language, movement and permit requirements. Page 2 of 4 For the 2023 Show and Fair Season, livestock animals being exhibited in New England states must have official certificates of veterinary inspection (OCVIs) that meet the following requirements:

- a. **MA, and RI:** OCVIs issued on or after **January 1, 2023** may be used for those animals being shown at multiple fairs and shows in CT, **MA**, and RI through the 2023 show/fair season ending October 31, 2023.
 - i. **CT and ME:** An importation permit for exhibition animals is also required. Contact CT Dept. of Agriculture (860-713-2504) or ME State Veterinarian's Office (207-287-3701) for permits or questions.
 - ii. **MA -Note: The Big E Fairgrounds** in West Springfield requires a CVI issued within the prior 30 days for all horses entering the premises for any show, fair, or exhibition.
 - iii. **NH:** * * NH: To qualify for the extended CVI, animals exhibited in NH must originate in a New England state and move on OCVIs issued on or after April 1, 2023 to participating NH fairs and shows from **July 1 to October 31. The extended CVI is not available for animals that do not reside in New England.** Contact NH State Veterinarian's Office (603) 271-2404 for details and permits.
 - iv. *****VT:** Contact the VT Animal Health Office (802-828-2421) for specific import requirements that deviate from the general information in this letter and must be met for legal import of livestock.
- b. A single OCVI from the animals' home state may be completed for travel to and from the New England states in which the animals will be exhibited. MA animals being shown **ONLY** in MA may substitute a signed, dated letter on the letterhead of an accredited veterinarian for an OCVI if all required information is included and all additional requirements are met.
- c. Multiple animals of the same species may be listed on one health certificate with appropriate individual IDs and descriptions. Animals of different species may not be listed on the same official health certificate.
- d. **An itinerary of the names and locations for each New England fair or show at which the owner expects to show the listed animals and the dates when each animal is expected to be on each site, must be prepared by the owner and presented to the veterinarian at the time the OCVI is written.**
 - i. **A copy of this planned itinerary must be attached to the official health certificate (import and export) for it to be used for more than one fair or show.**
 - ii. That proposed list should be signed by the veterinarian and the owner/ exhibitor and reference the relevant OCVI number(s).
- e. The name and address of the first show or fair where the listed animals will be exhibited is to be used as the "destination" on the OCVI form. In addition, "See attached list" or a similar statement directing Animal Health Officials or Fair Inspectors to the attached proposed itinerary must be included.
- f. Exhibitors must keep an accurate list of the show locations and dates when their animals were actually on the show/fairgrounds. This record must be available to fair inspectors at each inspection and check-in.

g. Any animal listed on an OCVI that becomes sick must remain home. If the animal is refused entry to any exhibition during 2023 for health reasons it must have a new health certificate issued by an accredited veterinarian within 30 days of the next interstate movement.

h. Any New England state may end their participation in this agreement and revert to the standard published requirements for livestock imports in the state at any time, in the event of foreign animal disease outbreak or changes to state legislation.

All petting zoos are required to have a USDA APHIS Exhibitor's License (as needed) and valid 2023 health certificates.

ADDITIONAL REQUIREMENTS FOR EACH SPECIES ARE LISTED BELOW

B. Cattle: See M.G.L. c. 129 §§2, 39 and 330 CMR 4.04(2).

1. **TB and Brucellosis testing is not required for animals from TB-Accredited and Brucellosis-Free States** and in-state animals. Current brucellosis and TB status in the exhibitor's state can be obtained from the state veterinarian's office in each state. If the exhibitor's state is not TB-Accredited or Brucellosis-Free, then the exhibitor must call the Massachusetts Division of Animal Health for entry requirements (617-626-1795). All animals must be free of visual evidence of the following diseases and conditions: foot rot, mange, pinkeye, ringworm, warts, cowpox and open or draining wounds.
2. While not required, it is strongly recommended that all cattle be currently vaccinated for rabies.
3. Note: **The Big E is requiring RFID official identification tags for all cattle** entering the Big E Fairgrounds premises in 2023. Other fairs may add this requirement. Contact the fair office with questions.

C. Poultry: See M.G.L. c. §§2, 129, and 330 CMR 5.02.

1. No poultry will be admitted to a fairground until it has been individually inspected.
2. All poultry must be free of visual evidence of the following diseases: infectious bronchitis, coryza, pullorum typhoid, fowl-pox, external parasites and laryngotracheitis.
3. Each bird must be accompanied by written proof (ID card or test report) that the breeding flock was blood tested negative for pullorum-typhoid within one year prior to entry date.
4. Birds from quarantined states will not be permitted entry.
5. All birds over 16 weeks of age as of January 1, 2023 shall be individually leg banded with a state leg band. This includes out of state exhibitors.
6. No bird vaccinated for laryngotracheitis within thirty days of the fair will be admitted.

D. Goats: See M.G.L. c. 129 §2, 9 CFR 79.6 and Massachusetts Emergency Order 1-AHO-06.

1. **TB and Brucellosis testing is not required for animals from TB-Accredited and Brucellosis-Free States** and in-state animals.
2. All goats and kids presented, regardless of age, must be individually listed and identified on the health certificate. All goats must be free of visual evidence of the following diseases

and conditions: foot rot, mange, pinkeye, ringworm, warts, pox and open or draining wounds. All goats must also be free of sore mouth and scrapie exposure.

3. Based on the Federal Scrapie Eradication Program (FSEP), goats and sheep of any age or sex brought to show or exhibition from either out of state or within state must possess a USDA official individual identification tag or registry tattoo accompanied by current registration papers consistent with the requirements of the FSEP and the Massachusetts Emergency Order 1-AHO-06. Information is available from USDA-APHIS at 508-363- 2290.

E. **Camelids (Llamas, Alpacas, etc.): See M.G.L. c. 129 §2, M.G. I. c. 131, §23 ,321 CMR 9.02.**

1. **TB and Brucellosis testing is not required for animals from TB-Accredited and Brucellosis-Free States** and in-state animals. Current brucellosis and TB status in the exhibitor's state can be obtained from the state veterinarian's office in each state. If the exhibitor's state is not TB-Accredited or Brucellosis-Free, then the exhibitor must call the Massachusetts Division of Animal Health for entry requirements (617-626-1795).

2. All Camelids originating from outside the Commonwealth are required to be tested for Blue Tongue.

Exception: Animals from a USDA declared "Low Incident State" are exempt. New England and New York are low incident states.

3. All animals must be free of visual evidence of the following diseases and conditions: foot rot, mange, pinkeye, ringworm, warts, pox and open or draining wounds.

F. **Swine: See M.G.L. c. 129 §14E, 330 CMR 11.04(2), 9 CFR 71.19**

1. All swine must be identified by an official ear tag or registration.

2. Swine must be free of visual evidence of the following diseases and conditions: erysipelas, atrophic rhinitis, mange and open or draining wounds.

3. No person shall import into Massachusetts from outside the state any swine which have been pseudorabies vaccinated. M.G.L. c. 129 §14E.

4. No person shall import into Massachusetts swine from Stage I or Stage II Pseudorabies States.

5. All swine shall originate from qualified pseudorabies-free herds or monitored herds in qualified pseudorabies free States only. The pseudorabies status of the exhibitor's state can be obtained from the state veterinarian's office in each state.

G. **Sheep: See 9 CFR 79 and Massachusetts Emergency Order 1-AHO-06.**

1. No sheep will be allowed entry from flocks in which Scrapie has been diagnosed or in which animals are under surveillance for Scrapie during the previous eighteen months. Based on the Federal Scrapie Eradication Program (FSEP), goats and sheep of any age or sex brought to show or exhibition from either out of state or within state must possess a USDA official individual identification tag or registry tattoo accompanied by current registration papers consistent with the requirements of the FSEP and the Massachusetts Emergency Order 1-AHO-06. Information is available from USDA-APHIS at 508-363-2290.

2. No sheep will be permitted entry from flocks in which soremouth has existed or in which sore mouth Vaccine has been administered in the previous sixty (60) days.

3. Sheep must be free from visual evidence of foot rot, sore mouth, pink eye, ringworm, and open and draining wounds. While not required, it is strongly recommended that sheep be currently vaccinated against rabies.

H. **Equine: M.G.L. c. 128 §§2C, 44 , 330 CMR 16.05.**

1. All equines entering a Massachusetts fairground must have a valid health certificate.

Note: *The Big E Fairgrounds in West Springfield requires a CVI issued within the prior 30 days for all equines entering the premises for any show, fair, or exhibition.*

2. All equines must be free of visual evidence of the following diseases and conditions: mange, ringworm, soring, strangles, and open or draining wounds.

3. All equines originating from within and outside of the Commonwealth must have a negative USDA approved EIA test (i.e., Coggins test or ELISA test) dated within twelve months of entry.

4. While not required, it is strongly recommended that all equines be vaccinated for rabies, tetanus, EEE and WNV within one year of the fair.

4-H Sheep & Market Lamb Classes

Ownership:

All sheep except Market Lambs or commercial ewes must have registration papers. Read carefully. Exhibitor's name must appear as the sole owner or lessee of the sheep (no joint ownership or registration with only farm name). Date of sale on registration papers must be on or before June 1 of the year of the show or the sheep is qualified within your state approval guidelines. Exhibitors owning their sheep must have the actual registration papers, copies are allowed ONLY in the case of leased sheep. Name on registration papers and entry forms (ownership and exhibitor) must be the same – not just farm name. Leased animals will also be accepted. The exhibitor is to have lease agreements on a uniform state lease form. Date of lease of State Lease Forms must be on or before June 1 of the year of the show. Exhibitor's must bring their Verification Agreement Form and either the actual registration or a clearly legible copy of the animal registration paper to the show.

Fitting and Showmanship:

The purpose of this event is to have the exhibitor judged on their fitting ability of their own animal and showing knowledge in presenting this animal to a judge.

Please note: What follows is a guideline for exhibitors to use in preparing for Fitting and Showmanship. These guidelines have been given to the judge as a standard form. Exhibitors should note that individual judges will have their own preferences.

Fitting and Showmanship Contest:

Rules & Regulations:

1. Mandatory for all 4-H sheep exhibitors. General rules on ownership/leasing apply. Exhibitors must show their own animal in the contest.
2. Divisions:
 - Novice Showmanship is for a first year showman, regardless of age.
 - Junior Showmanship is for those aged 8 - 12 as of January 1st.
 - Intermediate Showmanship is for those aged 13 – 14 as of January 1st.
 - Senior Showmanship is for those aged 15 - 18 as of January 1st.

You may enter only one showmanship class (i.e., those showing in the novice class cannot show in the Junior or Senior showmanship classes.

3. Any class which is too large may be divided.
4. Show whites are mandatory. White or khaki pants and an appropriate white shirt (no tee shirts or tank tops).

For showmanship, all breeds will compete together.

SECTION A: Fitting & Showmanship

1. Senior Showmanship (15-18, as of January 1st)
2. Intermediate Showmanship (13-14 as of January 1st)
3. Junior Showmanship (8-12 as of January 1st)
4. Novice Class – First year showing sheep all ages - (8-18 as of January 1st)

SECTION B: Cloverbud

1. Cloverbud Showmanship Clinic
2. Cloverbud Clinic Breed Class - 1 animal any age or breed all in ring at same time

Appearance of Sheep - Total of 60 points

Blocking and Trimming - (20) Animals should be fitted according to the standards of their breed association. They should be free of dirt and stains. Wool breeds need to have sufficient fleece to allow the wool to be judged. **Cleanliness - (20)** Ears, ear tags, eyes and muzzle should be clean. Fore and rear flanks and neck should be clean. All parts of the sheep should be thoroughly dry. Fleeces of wool breeds should be firm, bright and showing yolk, all of which indicate bloom. Excessively long, harsh, dry and colorless fleeces will be criticized. Artificial coloring of ears, legs and fleeces will not be allowed.

Condition - (10) Animal should show normal growth and size for age. It should be well covered (well fleshed) over back loin and ribs. It should not be over- or under- conditioned. Skin and fleece should show health and bloom rather than being dry and lacking color. Skin lacking in color and lack of red coloring under eyelids may be an indication of internal parasites. Sheep showing evidence of external parasites will be heavily discounted.

Feet - (10) Hoofs should be trimmed and shaped so as to enable the animal to stand and walk naturally. Hoofs should be clean and may be prepared for showing by oiling or polishing. It is best not to trim feet too close to show day. A tender foot may mean a lame sheep. Hoofs must be free from foot rot.

Showing - Total of 40 Points

Holding and moving in the ring - (20) Bring the animal into the ring promptly and properly. Halters are optional, and exhibitors will be judged on their ability to show their animal to their best advantage in the style chosen (i.e. points may be deducted if a halter is used but ignored.) Line up as directed by the ring steward. Stand your sheep squarely, using the left hand under the jaw and right hand to move feet, straighten back, etc. Standing and kneeling on one knee may be interchanged. One may stand in front of sheep grasping side of face with both hands when the judge is in back of the sheep. The exhibitor should push down and back to strengthen the top and cause the leg muscle to bulge. Placing a knee against the brisket is allowable as well as placing a hand under the sheep in order to make the animal show to best advantage. The exhibitor may be penalized if the judge decides that the back is humped, or arched because of excess jaw pressure. When the judge is in front of the sheep, the showman should set up the front end of the sheep so as to show the head and front to best advantage. This is usually best accomplished by grasping the sheep under the jaw with the showman at the side of sheep, or by the use of the lead rope, whichever the sheep responds to best. Remember to keep sheep alert with head set and ears forward. In moving the sheep, walk on the left side of the sheep. If a halter is on the sheep, it must be used to walk the sheep. Move slowly and only as necessary for the judge to view you and your sheep. Exhibitor remains on the left side of the sheep at all times. Do not step over the back or go behind your sheep. If a halter is used, the sheep should be trained to lead and stand squarely when properly set up. Keep sheep in a good showing position. An animal well-handled and trained will not usually move when handled by a judge. Sheep should not be set up too wide or too narrow, but to best advantage.

Alertness and attitude - (10) The exhibitors should be alert at all times and courteous to the judge and fellow exhibitors. Exhibitors should watch their animals closely and know where the judge is at all times. Inattention will cost points. Gum chewing and talking in the show ring will not be allowed. Keep showing even when the ribbons are being awarded. Do not relax until you leave the ring. You can never be sure when the judging is officially over!

Appearance of Exhibitor and Knowledge of Project - (10) The exhibitors must be neatly presented in Khaki pants and a white collared shirt that is tucked in and may not wear any tight or revealing clothing or hat. Chewing gum is not allowed while in the show ring Exhibitors not adhering to the dress

code will be dismissed from the class. Exhibitors must be prepared to answer any questions the judge may ask during the class. The judge reserves the right to ask any variety of questions dealing with knowledge of a 4-H project such as breeds of sheep, care and maintenance of a sheep project, and showing ability, amongst others. In many cases, questions are asked to determine a tie-breaker.
