

Network for Environment and Weather Applications

Massachusetts

2021 digital outreach report

Jon Clements

University of Massachusetts Extension

State NEWA Coordinator

jon.clements@umass.edu

Dan Olmstead

Extension Associate and NEWA Coordinator

New York State IPM Program, Cornell University

dlo6@cornell.edu

Definitions

Contact hours. The sum of time spent, across all users, interacting with a specified NEWA resources.

User. A visitor who has initiated a session on the NEWA website for more than 0.5 seconds to exclude web bots and crawlers.

Returning user. A visitor who has previously viewed the NEWA website within the past two years from the same device without clearing their cache where a unique 'cookie' id is stored.

Summary of stations (ending 31 Dec 2021)

Stations active 57

Stations added past 12 months 4

Digital outreach summary

NEWA 3.0 launched October 1st and analytics tracking of the old website was discontinued at that time. As a result, 2021 values may appear marginally lower than expected. New statistical summaries for all individual NEWA 3.0 models will be reported starting in 2022.

Resource	Year	Contact hours	Users	Returning users
alfalfa weevil	2017	0.0	0	0
	2018	0.0	0	0
