USDA NIFA

NATIONAL INSTITUTE OF FOOD AND AGRICULTURE

HISTORY AND GOALS

- Panel of Experts Report – June 16-18, 2015
LGUs and NIFA
- Streamline Reporting
- Improve Data Quality
- More closely align with AREERA Reporting Requirements

PANEL RECOMMENDATIONS

- Consolidate POW into REEport as one system
- Eliminate Redundancy
- Reduce Reporting Burden
- Collect essential data and legislatively required data (AREERA)
- Minimize year-to-year changes in Institutional Profile
- Flexibility in Reporting - Jointly or separately (1862, 1890)

STRATEGY

- Establish Critical Issues to interconnect REEport and POW
- Bring the tagged data in for use in Annual Reports and OGFM supplemental forms (multistate & integrated)
- Phased – Agile Approach:
 - October 2018: Dashboard, Reduced Burden, States Define Critical Issues
 - June 2019: REEport Initiations (Extension, Research v2) Critical Issue Integration
 - October 2020: Reporting & Plan of Work Annual Update

FY 2019 GUIDANCE:

1. FY18 and FY19 Plan of Work remain in current application; Complete Annual Reports as usual
2. FY2020 Plan of Work completed in REEport
 - Due April 1, 2019
 - Roles administered by REEport Site Administrators
 - Critical Issues replace Planned Programs
 - Fields have been reduced from 24 to 10
 - Improved Dashboard
