

# UMass 4-H Computer Science

With Support from Google

2018 & 2019  
NYSD Kits focus on  
Computer Science

code `</>`  
your  
world

**GAME**   
**CHANGERS**  
NATIONAL YOUTH SCIENCE DAY

Three Youth  
Attend National  
Training in Utah  
March 2019

CS Teens lead activities  
in their community.

# Resources include CSFirst

---

# Promotional Displays

## Barnstable County Fair (Pig Theme)

- 3-little pigs cup stacking
- Muffins with bacon
- Scratch Jr. Pig race

**COMPUTER SCIENCE TEEN LEADERS**

O - Outreach in the community  
I - Interactive and FUN activities  
N - National Youth Science Day  
K - Keep Growing (Knowledge)

Try Scratch and Code a pig race at <http://www.mash.org>

4-H COMPUTER SCIENCE  
Establishing a CS Pathway for America's Youth

**3-little pigs cup stacking**

Start with cups upside down

Cup 1 \* ↑ → → → ↓

2 \* ↑ → ↓

3 \* ↑ → → ↓

4 \* ↑ → → ↓ ↓

A) B) C)

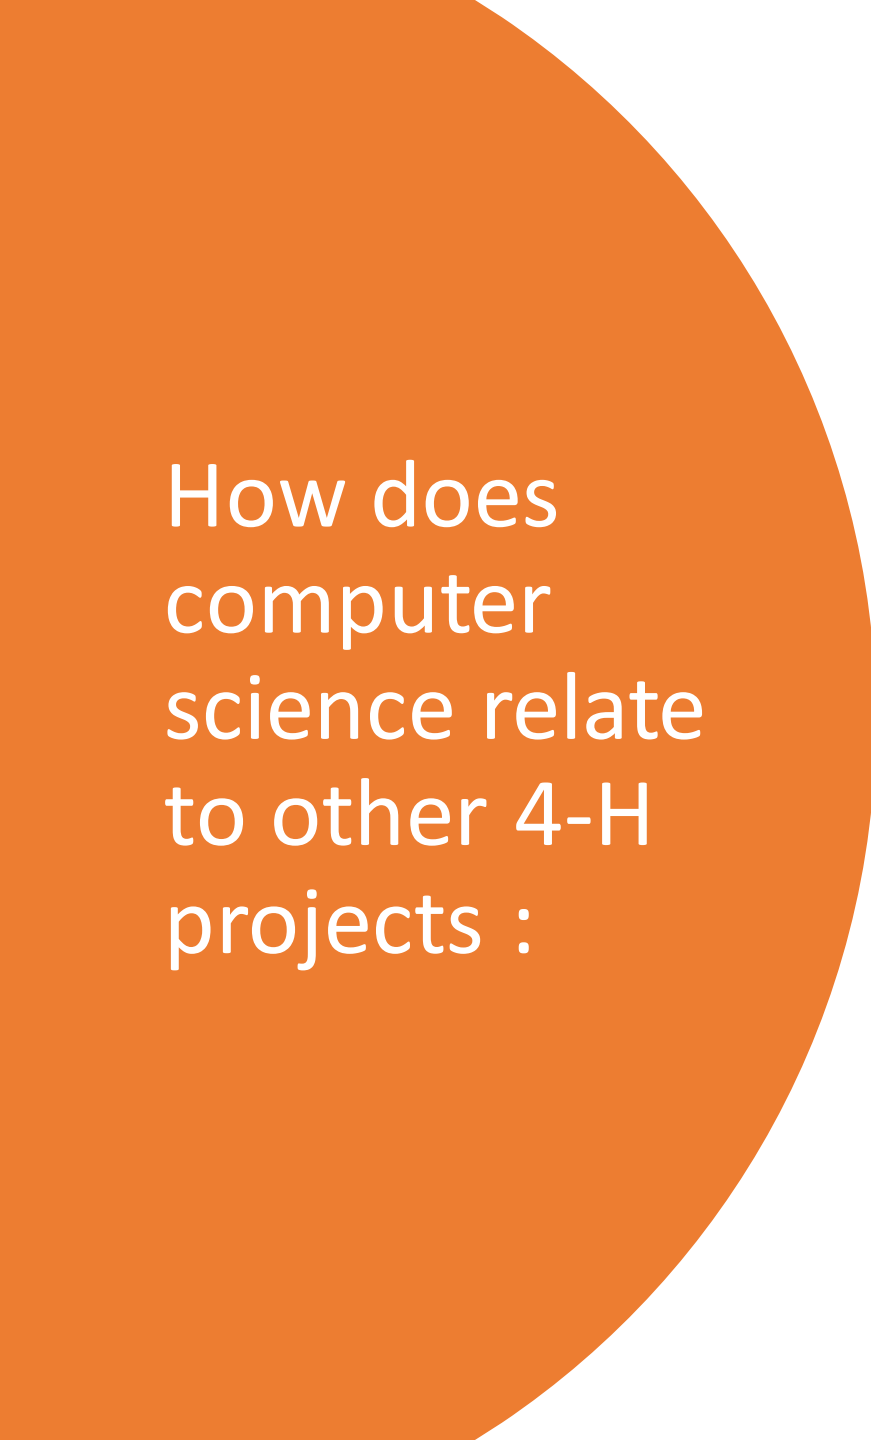

**Piggy #1 - Straw House**

**Piggy #2 - Stick House**

**Piggy #3 - Brick House**

**Baking Iteration:**

Step	Iteration 1	Iteration 2	Iteration 3
1	Preheat oven to 350°F	Preheat oven to 350°F	Preheat oven to 350°F
2	Roll out dough	Roll out dough	Roll out dough
3	Cut out shapes	Cut out shapes	Cut out shapes
4	Place on tray	Place on tray	Place on tray
5	Bake 15 min	Bake 15 min	Bake 15 min
6	Cool	Cool	Cool
7	Decorate	Decorate	Decorate
8	Enjoy	Enjoy	Enjoy

How does  
computer  
science relate  
to other 4-H  
projects :

- Horses around tacking up, versatility, 3-D name tags
  - Animal Science and Livestock Judging
  - Dog agility, 3-D printing crate tag
  - Clothing and Textiles: quilting
  - Healthy Lifestyles: Code your walk, circuit training, cooking
  - Robotics and Computer Science with Coding and Programming
  - Ice breakers and games, and more!
- 

# Robotic Hand is a Hit!

in CS

Learning & Teaching

# Summer of Science

## “Space the 4-H Frontier” – July 2021

### **Prepare for space** - July 2<sup>nd</sup> Training Academy

- A look at AI and binary (Page 3-4 of Code Your World)
- Review Code your Dance with conditionals – (Pages 1-2 of Code Your World)
- Use the Deck of cards to create your own game (Program Your Playground)
- Go further and practice coding – cup stacking <https://curriculum.code.org/csf-1718/courseb/6/>
- Physical Fitness is key for Astronauts – create your training plan using “Code your Walk”
- Create a Flag using the Clipboard Quilt Guide
- Design a Mission Patch

Teach youth computer science!

## Computer science clicks with Click2SciencePD!

We offer training that's easy to follow. See the skills on video, do hands-on activities, and then practice the skill with youth. Young people need computer science skills to thrive; and *with Click2Science, you can do it!*

Find out more! <http://www.click2sciencepd.org/>

# A guided exploration of coding and electronics.

Mission 4: Lights For Your Ship

Mission 14: Security System Online

Mission 21: Your Launch Panel

- **Chapter 1:** Getting you out of the darkness and into the cozy light. In this chapter you will learn how to use your HERO board and basic parts such as LED's, resistors, the breadboard, and switches.
- **Chapter 2:** Repair your damaged solar array and refuel your battery. In this chapter you will learn how to read data from your photoresistor and how to use a multi-colored LED.
- **Chapter 3:** Locking down your ship with proper security systems and alarms. You will learn how to program and wire a keypad and a passive buzzer.
- **Chapter 4:** Returning you back to the surface of the water and preparing you to get home. You will learn how to use a seven segment display and rotary encoder in these projects.
- **Chapter 5:** Blast off... Wait – first we need to build you a working launch panel. This is where things get really fun and we add the OLED Display allowing you to have a mini monitor display for your control panel. Put everything together from the previous chapters and get ready to go into space.

# New Resources for Trainings

Coming Up:

Computer Science Week

STEAM Festival

Winter Workshops
