Who

Visit: s.uconn.edu/urban

Next steps

1. Promote shared stewardship

- Community-based workshops
- Municipality-wide education campaigns
- Cross-boundary efforts

2. Centering community needs

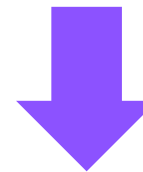

- With environmental stewardship and climate justice groups
- With community members

3. Co-design

- *“Improving water quality in Hartford through community-led lot revitalization”*

1. Dismantle top-down

- Local and regional planning
- Best practices for practitioners
